

DSW-1H

WIRELESS SUBWOOFER FOR DENON DHT-S716H SOUNDBAR

EASILY ADD SEISMIC, POWERFUL BASS

The Denon DSW-1H wireless subwoofer connects via Wi-Fi to the Denon DHT-S716H soundbar to add deep, powerful bass you can feel and hear. Dual custom 5.25" drivers are fed by sophisticated high-power Class-D amplification while proprietary DSP algorithms give you optimized low frequency response across the entire dynamic range. Place it anywhere in the room, horizontally or vertically, then simply plug-in to wall power and play. With quick setup, improving your entertainment experience with clear, thunderous bass has never been easier.

HIGHLIGHTS

Deep bass subwoofer

Custom drivers for better sound

Wireless surround sound

Easy setup

Advanced in-app control

Subwoofer dimensions

YOUR BENEFITS

Add powerful bass to the Denon DHT-S716H soundbar for a truly complete immersive experience

Dual custom 5.25" drivers and sophisticated high-power Class-D amplification work together to deliver a rich, dynamic bass

The DSW-1H can be combined with the Denon DHT-S716H soundbar and other selected HEOS Built-in products to add more fulfilling bass to your home theatre system. Add the subwoofer to the DHT-S716H to create a 3.1 system. Later add two HEOS speakers for a true 5.1 experience

Just plug the DSW-1H subwoofer into a wall outlet, then pair with your DHT-S716H soundbar through Wi-Fi; it's never been quicker or easier to start enjoying more dynamic depth in every entertainment experience

Easily set volume, low pass filter and phase (N/180°)

406.4mm H x 174.6mm W x 441.3mm D

DENON 100+ YEARS "LEGACY OF FIRSTS" IN AUDIO TECHNOLOGY

Denon DHT-S716H soundbar sold separately

Orient vertically or horizontally

Deep Bass for Home Theatre and Music

The DSW-1H can be combined with the Denon DHT-S716H soundbar and other selected HEOS Built-in products to add more fulfilling bass to your home theatre system. Add the subwoofer to the DHT-S716H to create a 3.1 system. Two custom-made 5.25" driver work in combination with sophisticated, high-power 70-Watt power supply, class-D amplification to deliver clear, room-filling bass.

Build True Surround Sound Experience

With HEOS Built-in, it's easy to add your Denon DSW-1H Wireless Subwoofer to your DHT-S716H soundbar and a pair of Denon or HEOS enabled speakers to create a true 5.1 surround sound experience.

Proprietary DSP Algorithms for Optimized Low Frequency Response

Denon-proprietary DSP algorithms provide optimized low frequency response across the entire dynamic range for a more immersive experience in movies and music.

Customize Your Bass

Advanced 40Hz - 250Hz low pass filter and normal/180° phase settings are available for advanced users to fine-tune bass performance.

Subwoofer Volume Control

Subwoofer volume control button on top for your preferred taste in bass.

USB Drives Supported

The Subwoofer supports USB thumb drives via the built-in USB port. Music content on this connected USB drive can be played back on any HEOS Built-in product in your home. Have it all at your fingertips with the intuitive HEOS App.
